

SIMS CALLS MEETING

State Emergency Commission on Education Members Will Convene in Milwaukee This Week

In his official capacity as the Wisconsin Director of the National Educational Association, Pres. John F. Sims has called a meeting of the State Emergency Commission on Education at Milwaukee for Thursday of this week. Prof. George D. Strayer, of the Teacher's College, New York, president of the N.E.A., will be in attendance.

The membership of the state commission is as follows: C. P. Cary, state superintendent; Pres. McVey of the Wisconsin Teachers' Association; J. F. Sims, president Stevens Point Normal; Appointive—John Callahan, secretary State Board of Vocational Education; Supt. B. E. McCormick, LaCrosse; John L. Sturtevant, editor Wausau Record Herald; Supt. McDonald, Oconto; Supt. Mary D. Bradford, Kenosha; M. H. Jackson, superintendent Grand Rapids Training School; Ann McGulgan, Milwaukee; H. L. Miller, principal Wisconsin High school, Madison.

The commission will work with the National commission of which Pres. C. G. Pearce of the Milwaukee Normal is a member. The National commission has formulated a very definite program embodying the following: The preparation, supply and compensation of teachers; the importance and needs of rural education; physical and health education; the education of adult illiterates; the education of the immigrant; compulsory continuation schools; the creation of a national department of education, and the extension of national cooperation with the states in strengthening the public schools.

Much of what is planned must be obtained through legislation, federal and state. This movement originated in the National Education Association, and these commissions have been organized for the purpose of securing the needed legislation, the importance of which cannot be overestimated.

ACCEPTS LARGE QUOTAS

This state will raise at least 50 per cent more for the United War Work Campaign than originally planned. This has been prompted by reason of the great needs of the Army Y. M. C. A., the Y. W. C. A., National Catholic War Council, Jewish Welfare Board, War Camp Community Service, American Library Association and the Salvation Army. Even if peace should come within the immediate future, these war welfare agencies will have a tremendous task ahead of it in serving the enlisted men of this country and our allies during the demobilization period.

WILL STUDY CIVILIAN RELIEF

Mrs. E. G. Bach left for Detroit last Saturday, where she will take a course in Red Cross Home Service for civilian relief. The course takes six weeks and on her return Mrs. Bach will have charge of families in Portage county who need care and assistance. The course will be given at a Red Cross institution established at Detroit. Miss Kummer of Chicago, a field worker for civilian relief, was in the city last week to take up this matter and to advise members of the local Red Cross board as to how to go about the work of giving aid where needed.

LONG SUFFERINGS OVER

Mrs. Florian Engelbert, a resident of Stevens Point for many years, died at her home, 309 Jefferson street, last night. She had been in poor health for several years suffering with cancer, and was operated upon a couple of months ago. The malady had been too deep-seated to effect a cure and Mrs. Engelbert gradually failed since that time.

She was a native of Austria, born there July 25, 1861, making her upwards of 57 years of age. Her husband and five children survive the wife and mother. The sons and daughters are Paul, Elizabeth, John, Julia and Theresa, all of this city.

Funeral services will be conducted at the Engelbert home by Rev. H. J. Ehr of St. Joseph's Catholic church at 9:30 next Friday morning, with interment in the parish cemetery.

70,000 ARMY IN DRIVE

That an army of more than 70,000 will be arrayed in a concerted onslaught on the pocketbooks of Wisconsin Nov. 11-18 in championing the United War Work Campaign, is the announcement just received here from State Executive Chairman Emerson Elna of Madison.

Farmers, business and professional men, women, boys and girls are all ready to take another wallop at Kaiser Bill. Every indication points to Wisconsin raising not only its original quota of \$2,390,000 but a 50 per cent plus subscription that will bring this state's subscription for the fighting men of Uncle Sam well beyond the \$3,600,000 mark.

The seven organizations allied in the campaign are the Army Y. M. C. A., the Y. W. C. A., National Catholic War Council, Jewish Welfare Board, War Camp Community Service, American Library and the Salvation Army.

LIMITED SERVICE CALL

Provost Marshal General Crowder has issued a call for the voluntary induction of 540 limited service men in Wisconsin, who are to entrain for various camps on Nov. 25 and 27. The Portage county quota has not been received but it is believed that not to exceed four or five will go from here.

MARRIAGE LICENSES

There was another spurt in the marriage license department of County Clerk Bourn's office this week. Those granted the coveted permits were: Knut Knutson and Ivah Berg, both of Alban; John Yach of Hatley and Techla Licza of Stevens Point; John Longowski and Frances Murowski, both of Belmont; Stanley Mikolajczyk of Wild Rose and Stella Murowski of Belmont. The latter two applications suggest a double wedding.

FLUEPIDEMIC NO BETTER

Unusually Large Number of Cases Reported Since Thursday—Closing Ban Still On

With 86 new cases of influenza from Nov. 1st to noon yesterday, the epidemic situation in this city has not abated, and in fact is more serious than at any time within the past month. An average increase of 20 to 25 cases per day since last Thursday doesn't give much assurance that the ban on schools, churches, movies and public entertainments may be lifted before another week at least, and it is possible that the closing order will be extended two or three weeks longer.

Health Commissioner von Neupert sent a report to the state board at Madison last Friday showing that up to that time the local physicians had cared for upwards of five hundred influenza cases. A large majority of the patients have recovered and resumed their usual vocations.

TWENTY-FIFTH ANNIVERSARY

As will be noted in our "Twenty-Five Years Ago" items published this week, Rev. M. H. Clifford of Oshkosh, a native of this city, was ordained to the priesthood a quarter of a century ago. Father Clifford, who is one of the best known clergymen in the state of Wisconsin, will observe the anniversary of his ordination next Sunday by solemn high mass at his parish church, St. Peter's, when it is expected that Bishop P. P. Rhode of the Green Bay diocese will be in attendance, as will also a number of priests. Rev. J. T. O'Leary of Manitowoc will deliver a sermon on this occasion.

Father Clifford's mother, Mrs. M. Clifford, and his two sisters, Miss Margaret Clifford and Mrs. J. N. Peickert, and J. N. Peickert of this city will attend next Sunday's solemnities at Oshkosh.

WILL DEDICATE SERVICE FLAG

Altars and Statuary at St. Michael's Church at Junction City Will Be Blessed

The state board of health having issued a general order permitting the reopening of public gathering places in localities where the local board thinks it advisable, St. Michael's Catholic church at Junction City will undoubtedly be the scene of a large gathering of members of the congregation next Sunday afternoon at 4 o'clock.

At that time the blessing of the new altars and statuary will take place and this will be followed by the dedication of a service flag in honor of thirty-seven members of the congregation who are in the service of their country. A solemn vespers service will be held and later in the afternoon the school children will give an entertainment.

Rev. A. Forsyth, pastor of St. Michael's, has invited all the Catholic clergymen from Portage county to be present, and it is expected that Dist. Atty. J. R. Pfiffner of this city will deliver an address during the afternoon.

YOUNG MAN INSANE

Upon examination by local physicians, Morris Johnson of New Hope was pronounced insane and committed to the Northern hospital at Winnebago the last of the week. The young man, who is mild mannered and of pleasant appearance, was picked up by the police at the South Side last Wednesday night because of his questionable acts. It has been learned that he had received treatment at the state hospital before, but was later discharged as being cured.

BROUGHT FROM DULUTH

Mrs. Gladys Nolt, daughter of Mr. and Mrs. Merritt Worden, who operate what is known as the Harry Isherwood farm just west of the city limits, died at her home in West Duluth at 4 o'clock Monday morning and the remains were shipped to this city on the limited South train that night.

Burial took place at 10 o'clock this morning from the Boston undertaking parlors. Interment was had in Forest cemetery. Rev. James Blake officiating prayers at the grave.

Mrs. Nolt, who was 25 years of age, passed away after a short illness with pneumonia.

MOEHLLENPAH, BROWN, PFIFFNER

Three Democratic Candidates Get Majority Vote in Portage County—Somers May Win Out.

REPUBLICAN CANDIDATE FOR SHERIFF HAS SLIGHT LEAD

On Face of Returns W. I. Barager Gets Majority of Twelve Over Democratic Opponent.

J. R. Pfiffner, candidate for district attorney, is the only Democrat who on the face of the returns won out in yesterday's election in Portage county. Joseph J. Somers for sheriff has a total vote of 2,028 and W. I. Barager gets 2,040, a majority of 12, but it is possible that the soldier vote may change this result in Somers's favor. However, the number of votes to be cast by Portage county boys at the different cantonments in the United States is an unknown quantity, neither can anyone make an intelligent guess as to what class of candidates is likely to receive a majority.

The next nearest on the Democratic county ticket was W. J. Delaney for clerk of the circuit court; he received 1,878 to 2,028 for F. H. Timm, the present incumbent, a majority of 150 for Mr. Timm.

Moehlenpah for governor and John W. Brown for congress each received a plurality in the county. The vote for Moehlenpah was 2,061, Phillip I. 813, J. W. Brown, 2,019, Edward E. Browne 1,899.

A table giving the results is printed below:

WILL MOVE TO GARY, INDIANA

After a residence here of over thirty years, Mr. and Mrs. John Gray, 205 Washington street, are about to establish a new home at Gary, Indiana. Accompanied by their three sons, Charles, 18 years of age, Hazen 11 and Lyle 8, they expect to leave here the last of this week or the first of next, and are now packing their household goods preparatory to moving.

Their decision to make the change at this time was brought about by the advantages offered at Gary, where it will be possible for Mr. Gray and his sons to find employment in chosen lines of endeavor. Three of their sons are now in service in France. Russell acting as motor driver for the surgeon of the 2nd division, and John and Henry are in the aviation service. The former doing aerial and the latter mechanical work.

Mr. Gray, who has been a foreman at the W. W. Mitchell mill in this city for the past twenty years, upon his arrival at Gary will accept a position with the Gary Steel Works, of which the Motor Truck Co., and Charles will also take employment, the demand for mechanics being very great.

A sister of Mrs. Gray, Mrs. Clara G. Bourner, has also been living at Gary since last May where Mr. Bourner holds a position in the Gary State bank.

The hosts of friends of Mr. and Mrs. Gray and their sons regret the departure of this esteemed family and follow them with their well wishes.

PORTAGE COUNTY T. L. B. MEET

The fifteenth annual meeting of the Portage County Traveling Library Board was held at Carnegie Library last Friday, Nov. 2. Annual reports were read and plans for the coming year discussed.

The officers for the coming year were chosen as follows: President, Mrs. G. E. McDill; Vice Pres., Mrs. A. P. Eon, Amherst.

Sec. Treas., Miss M. G. Week; Librarian, Miss Lamba West. Member of Board, Mrs. R. A. Cook.

There are twenty-five stations in Portage county supplied with a chest of books, which may be exchanged every six months. Each chest contains a good collection of books, some fiction, some nonfiction, and some poems. These books are selected from the A. L. A. list supplemented by suggestions from the book committee. Letters from the stations indicate that the books are much enjoyed particularly in the winter. The latest war books are among those recently added. A chest at the county poor farm has been much appreciated.

There are fifteen counties in Wisconsin which have the County Traveling Library system. Our state library commission says:

"Get a book to everyone who needs it. It furnishes inspiration and education for work and recreation for leisure moments."

A list of the active stations in the county, and the custodians will be published next week.

PLOVER RAISES BAN

Through the authority granted them by the state department, the board of health of Plover township named last Monday, Nov. 4th, as the date for lifting the ban on public gatherings which had been prohibited because of the influenza epidemic. Schools, churches and other places of assembly in the township are now allowed to reopen.

ANOTHER VOLUNTEER

Miss Marguerite Harshaw, who left here in September for Casper, Wyoming, to accept a position as teacher in the schools of that town, has passed the required examination for government service, and set sail from New York last Sunday for Panama, where she will teach under government supervision. Miss Harshaw left for New York early last week and visited at the home of her uncle and aunt, Mr. and Mrs. Alex Turner, before embarking.

IS THIS LAST CALL?

One Hundred and Seventy-one Men to Leave Here for Training Camps Next Wednesday

One of the biggest contingents of selected men to leave Portage county will board a special train here next Wednesday afternoon for training at southern camps yet to be designated. The number to be chosen from this county is 171 and the draft board is now busily engaged in making the required selections. It will be another day or two before this work is completed.

From the present outlook, these men will not have the privilege of seeing active service in France, as there is every reason to believe that hostilities will cease within the next few weeks. However, it is considered likely that they will be given a thorough course of training and possibly kept in camp until next spring.

DIES THREE DAYS AFTER WIFE

Last week's Gazette noted the death of Mrs. Adam Cryzon of this city, following that of her grandson, Joseph Garski of Stockton the day before. Three days after the death of his wife, Anton Cryzon passed away on Friday afternoon at the family home, 236 Prairie street, also a victim of influenza and pneumonia.

The funeral was held from St. Peter's church at 9 o'clock Monday morning, Rev. S. A. Elbert officiating, and burial followed beside his wife in the parish cemetery. The pallbearers were Jos. Ciecholinski, John Glowienka, V. S. Prais, Barney Polebitski, Geo. Hoppa and J. F. Urbanowski.

DIES IN FRANCE

Young Soldier Goes to Fight for Country But Succumbs Before Reaching Battle Front

Mr. and Mrs. Ignatz Kulas, 418 Wadleigh street, have received word of the death of their son, Peter Kulas, which occurred on Oct. 12.

The young man, who was called to the service of his country, left here with a contingent last April and on Sept. 16 left for overseas service. Word was later received that he had landed in France Oct. 2. No further word had been received from him and it was, therefore, a shock when news came of his death. The announcement came in a letter from No. 2 General Hospital, B. E. F. France, dated Oct. 12, and the writer took for granted that relatives here would have received the news through the war office before the letter reached them. However, evidently through an error, the message was never received through the regular channel. From the letter it was learned that the remains were buried in Ste. Marie cemetery, Le Havre, and that his grave would be marked with a plain wooden cross with his name and date upon it. All of his personal belongings will be sent home in time.

The cause of his death is not known, but it is presumed that it was probably influenza.

Peter Kulas was born in Stevens Point 26 years ago last February 17. He had spent most of his life here. Besides his parents he is survived by one brother and four sisters, as follows: Joseph, Mrs. Gertrude Worzinski, Rose, Mary and Regina Kulas, all of this city.

BRING YOUR LABELS

The ladies in charge of the distribution of boxes for mailing gifts to the United States troops overseas want to call attention to the fact that boxes cannot be handled out unless a label sent by a soldier is shown. Therefore, anyone desiring a box must show a label.

CALLED TO BROTHER'S BEDSIDE

J. W. Ash was called to Battle Creek, Mich., last Friday night by the serious illness of his brother, John Ash, who passed away at his home in that city on Sunday. The cause of his death was Bright's disease. He was about 45 years of age.

The deceased was interested with another brother, George, in an ice cream and confectionery factory. The two brothers, J. W. of this city and George of Battle Creek, are the only surviving members of his immediate family, but he also leaves a wife and two children, a boy and a girl, 16 and 14 years of age, respectively.

The funeral was held at Battle Creek yesterday.

CONFERENCE IS PRAISED

Educational Journal Gives National Rural Education and Country Life Conference Write-Up

The National Rural Education and Country Life Conference held in Stevens Point in September has been written up in many of the Educational Periodicals throughout the country. The Journal of Education published in Boston, Mass., prints the following in part:

"Rural education and country life had a great opportunity for service and education at the Stevens Point, Wisconsin Normal School at the National Conference arranged by Hon. J. L. McBrien of the U. S. Bureau of Education. It was the first of these conferences for the present school year, and it was decidedly the most successful of all that have been held. Fifteen states were represented.

The attendance was the largest of all these conferences. At no session were there fewer than five hundred in attendance. There were sixty assigned speakers on the program of whom fifty confined themselves to rural education, and never have we known fewer trite sentences and fewer freak utterances. Practically every speaker spoke from experience; described demonstrations told what was being done rather than what use to be done or what ought to be done. Practically every latest thing in rural education was reported on.

Wisconsin rural schools had an entire session as did those of Minnesota and North Dakota. Indeed eight states had adequate time for an intensive presentation of the latest work, and, strange to say, there was no duplication.

The really greatest contributions to the Conference were the sixteen charts on rural school achievements of Wisconsin, charts 12 feet by 4 feet so clearly lettered they could be readily read. If any other state has such conditions to report, and such a means of reporting them we have not known of it. State Supt. Cary has done a great work in a great way.

In a later issue of the same journal special mention is made of the work of

MAN ENGINE 38 YEARS

Stanford Ross, Veteran Railroad Man on Wisconsin Central and N. P. Expires at Home in This City

Stanford H. Ross, who was at the throttle when the first train of cars on the Northern Pacific railroad pulled into the city of Helena, Mont., some thirty-eight years ago, is dead at his home in this city. Mr. Ross passed away at 4 o'clock Monday morning, following an acute illness of less than a week, although he had been in poor health for the past couple of years, his run-down condition making him an easy prey to pneumonia.

Mr. Ross walked to the South Side during a portion of the heavy rain storm a week ago Sunday, when his shoes became water-soaked, bringing on a severe cold. The next afternoon the ailment became more pronounced and medical aid was summoned, but a day of two later pneumonia developed and he sank rapidly until the end. This was his fourth attack of pneumonia, he having gone through two hard sieges in Montana a few years ago and had a few days' run of the fever in this city last July.

Hanford Ross was a native of Sullivan county, New York, born there 34 years ago the 3d of October. When he was a child of two years the parents, Mr. and Mrs. Geo. Ross, moved to Wisconsin and located near Jordan, town of Hull, where the boy grew to young manhood.

He began his railroad career some 48 years ago, serving as fireman on the Wisconsin Central for three years when he was promoted to engineer. A couple of years later he headed the westward call and engaged with the Northern Pacific. For a continuous period of 36 years Mr. Ross piloted an engine on the latter road and in all that time never received a demerit mark.

Because of his long and faithful service he was latterly given what was generally regarded as the best "run" on the system—between Helena and Logan—requiring daily service of about 4½ hours.

Mrs. Ross's health began to fail a couple of years ago but he continued in the discharge of his duties until called here by the sudden death of his sister, Mrs. G. W. Whitney. The next spring and summer he financed the erection of a modern home at 528 Clark street, which has since been in charge of his sister, Mrs. G. E. Smith. Two brothers, J. D. and George Ross, also live there, and another brother, Merrill Ross, is a member of the household when in town. Aaron Ross is a resident of McDill and Chester has made his home in Chicago for some years.

The deceased gentleman's fraternal association include membership in Silver Bow Lodge No. 48, F. & A. M. at Butte, Mont.

Although of quiet and unassuming nature, he was a man of firm and lasting friendship and the very essence of honor and probity.

Funeral services were conducted at the Clark street home this afternoon at 2 o'clock by Rev. G. M. Calhoun of St. Paul's M. E. church, after which the remains were borne to Forest cemetery and laid to rest in the family lot.

BROUGHT HERE FOR BURIAL

The body of Mrs. Jennie Starks, a former resident of this city, was brought here for burial last week and interred in Forest cemetery. Mrs. Starks moved to Minneapolis about 16 years ago, where she had made her home with her daughter, Mrs. Otto Walhs. Her death occurred at the John Nelson home at Waupaca. She was 72 years of age and death was due to heart trouble and paralysis.

BOOSTER FOR A. C. A.

S. F. Kollock and sons, Henry and Wallington, drove up from Almond last Monday, the latter young man coming here to file his questionnaire with the local draft board. Mr. Kollock is an enthusiastic booster for the American Co-operative Association, which recently established branches at Bancroft and Almond village, conducting a large grocery and provision store in the village and buys potatoes and other farm produce at both stations. A week ago last Monday he sold to the A. C. A. a drove of eighteen hogs, receiving for them just \$38.32 more than he was offered by other buyers. As this is a trifle better than \$2.00 per head Mr. Kollock has reason for his friendly feeling towards the co-operative company.

SHORT COURSE CONTINUES

Widespread reports that the Wisconsin College of Agriculture would not give this year the usual short course in horticulture, due to the difficulty of finding a course, it will begin November 1.

The short course will make it possible for the many intending students to attend the college in the winter months, when the weather is more favorable. The course will be given at the college, with instruction in the various branches of horticulture, including the care of the soil, the selection of the best varieties of fruit, and the proper methods of cultivation. The course will be given by the faculty of the college, and will be of great benefit to the students. The course will be given at the college, with instruction in the various branches of horticulture, including the care of the soil, the selection of the best varieties of fruit, and the proper methods of cultivation. The course will be given by the faculty of the college, and will be of great benefit to the students.

The studies of the course will be devoted more than ever this year to the need for increased production of food-stuffs with minimum expense, labor and waste.

The Short Course in Agriculture consists of three terms of five weeks each, the first term beginning Nov. 1; the second Dec. 30; the third, Feb. 3. Although it is not necessary that students enroll the first term it is highly desirable that they should carry the work of the entire course.

Catalogues concerning the course may be had by writing to the dean of the College of Agriculture, Madison.

WELCOME A DAUGHTER

"Marion Dorothy Grant, Oct. 26th, 1918," were the words and figures engraved on dainty cards received by Stevens Point friends last week. The sender was A. Forest Grant, now associated with the Campbell Construction Co. at St. Paul, who became the father of his first born on the date above noted. Forest was a former bookkeeper at the Citizens National bank.

ENGAGES IN OIL BUSINESS

Geo. W. Cashin, son of Mr. and Mrs. P. H. Cashin of this city, whose home is at Fort Worth, Texas, has recently entered into the oil business. There is a big boom on in that country and they are striking a great many wells west and northwest of Fort Worth, in what is known as the Ranger field and Burkburnett field, and Mr. Cashin states that it looks very promising for some very large developments.

Mr. Cashin visited in Stevens Point for a week during the past summer.

FROM ONE WHO KNOWS

"The Gazette is a firstclass local newspaper and I enjoy reading it very much." This from a publisher of many years' experience is indeed a compliment and one deeply appreciated. The author of the quoted words is H. B. Hubbell of Beaver Dam, whose daughter, Miss Helen Hubbell, is teacher of domestic science in the Stevens Point High school. The young lady is a graduate of the local Normal. Mr. Hubbell has visited here several times and formed many good friendships among our people.

AN OBLIGATION OF HONOR

Making Good Our Pledges to The Fourth Liberty Loan Will be a Test of Our Patriotism

Millions of subscribers to the Fourth Liberty Loan are now on their mettle.

They are free to face with the job of completing their payments. It will take nerve, courage and "staying power." It will take self-denial. Subscribing for the bonds and making the first payment of 10 percent was a sign of loyalty to the Government and to the Army and Navy.

Keeping up the payments until the Liberty Bonds are fully paid for—that is the real test of mettle. Anybody is likely to be carried away by the fervor of a "revival meeting." It takes earnestness to live up to new principles for the rest of one's life. That is the real test. The same thing applies to the duty of "making good" our pledges for the Fourth Liberty Bonds. From now until Jan. 30, 1919, a steady, sustained effort to save and meet Liberty Bond installments will indicate 24-karat patriotism and character.

Every person who signed a Liberty Bond application and made the initial payment assumed an obligation of honor. To neglect that pledge or to let the subscription lapse would be a shameful thing. No right minded person will fail to carry out his Liberty loan subscription pledge, unless actual disaster makes it necessary to shift the burden on someone else.

If you want to keep peace with your conscience and maintain your own self-respect take great care on all these points:

1. Set aside out of your pay the money needed to meet Liberty Bond installments under your plan of payment. Put that money in a bank.
 2. Do not "lapse" on your Liberty Bond subscription for any reason whatever, short of some absolute disaster.
 3. Do not sell your Liberty Bonds unless compelled by "dire necessity" to raise money; and then try to borrow on the bonds instead of selling them.
 4. Do not let anybody induce you to "trade in" your Liberty bonds for merchandise.
- Hang tight to all your Liberty bonds and complete all payments by brave and persistent saving, sacrifice and self-denial. That is the way to get the utmost possible return from your financial and moral investment.

INJURED IN FRANCE

Chas. O'Brien was among those listed in the casualties published in last Sunday's papers. He is a son of Chas. O'Brien of the town of Linwood and was injured a couple of months ago, but letters since received from him state that he is recovering. The captain of his company, who was injured in the same battle, has since died of his wounds.

W. G. McAdoo, director general of roads in the United States, passed through this city early last Tuesday morning on his way from Washington to Chicago. The train with him was the "Great Northern" and it was the only one that made a stop at Stevens Point.

SAVE FRUIT PITS AND SHELLS

Immediate Need For Material Used In Making Gas Masks Calls For Big Collection

In response to an urgent request by telegraph from the Gas Defense Division Chemical Warfare Service, U. S. Army, New York City, Governor Philipp asks that the people of the state give special attention to the collection of fruit pits and nutshells. In order to meet the demands for this high quality of carbon for gas masks one million pounds a day of fruit pits and nut shells are required.

Since the campaign for the collection of this carbon material was started, there has been a noticeable falling off in the collection. The Governor of Massachusetts has designated November ninth as "Gas Mask Day," and urges people generally to make a special effort on that day to speed up the collection.

Red Cross chapters all over the state will accept the collections and forward them to the proper points.

Governor Philipp asks that every community in the state make a special effort each day for a month to speed up the collection of pits or seeds from peaches, plums, cherries, apricots, prunes, dates, olives and gather from woods all hickory nuts, walnuts and butternuts, and deliver their collections daily to their local Red Cross chapters.

ANOTHER SOLDIER VICTIM

The remains of Homer R. Whittaker, son of Clarence Whittaker of Buena Vista, were brought here last Sunday from Camp McClellan, Anniston, Alabama, and taken to the parental home, where funeral services were held at 10 o'clock yesterday morning. Corporal H. L. McCall of Minneapolis acted as escort, but was unable to remain for the funeral ceremonies, leaving on the return trip Sunday night.

Homer enlisted from Montana in the army air service in December, 1917, and was sent to Fort Field, Oklahoma, where he underwent a course of training until the 22d of last September, when he, Corporal McCall and a number of others were transferred to Anniston.

A week ago last Saturday he was taken with influenza pneumonia and passed away the following Tuesday. Homer was 21 years of age the 25th of last June.

SHORT ILLNESS ENDS FATALLY

That strong, healthy people fall easy victims to the influenza epidemic was demonstrated by the death of Frank Radzinski last Sunday afternoon at his home, 906 N. Second street. He was employed in Alois Firkus's potato warehouse at Junction City when taken sick last Friday. He came home at once and went to bed, from which he never again arose. Death relieved his sufferings at about 1:30 p. m. on Sunday.

A particularly sad feature of his demise is the knowledge that the widow and three little children are left in poor circumstances. The little ones range in age from six to two years.

Mr. Radzinski's wife was 32 years, five months and fourteen days. His parents, Mr. and Mrs. Alex Radzinski, Sr., live at 502 Meadow street.

Funeral services were held at 8 o'clock this morning from St. Peter's church; interment was had in the parish cemetery.

"VICTORY SING"

Entire Nation Asked to Join in Singing Same Patriotic Songs on Thanksgiving Day

Plans for a national "Victory Sing" on the afternoon of Thanksgiving day, when all Americans will be asked to join in singing the same patriotic songs at 4 o'clock, eastern time, have been completed by the National Council of Women. Programs will be sent to state, community and war camp leaders so that the same songs will be sung throughout the country.

HEALTH TALK

SPANISH INFLUENZA OR GRIP

BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry poisons from the system and keep the bowels loose, daily doses of a purgative should be taken. Such a purgative made of May-apple, leaves of aloes, root of jalap, and castor oil, is the best. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed at a hot outward shower.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anunc tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anunc tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice-cream and simple food be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anunc tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salarates has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Ironic" Tablets, or that well known herbal tonic, Dr. Farrow's Golden Medical Discovery.

SIX-STAR SERVICE FLAG

Junction City Family Exceptionally Well Represented Among Our Nation's Defenders

Stevens Point stores carry in stock nearly every article desired for wear, consumption or ornamental purposes, but parties who came here from Junction City last Friday were unable to make all the purchases they wished. Mr. and Mrs. Fred Bernhagen, Mr. and Mrs. Barney Berg and little son drove down that day and included in their shopping list was a service flag with six stars to represent that number of their respective families who have answered the nation's call. Diligent search failed to locate a flag with this number of stars and therefore one will be specially made for them. Mr. Berg is a son of G. Berg of Eau Claire and the only one left of a family of five boys, the other four having joined the colors and three of them have already seen active service. Olaf, the last to enlist, was in New York when last heard from a couple of weeks ago, but may be now enroute to France.

The other two stars on the proposed service flag were intended to honor Barney's brothers-in-law, sons of Mr. Bernhagen, who are also at or near the front lines in the war zone.

A POTATO EXPOSITION

Big State Show Will Be Held At Milwaukee Auditorium From November 20th to 24th

G. Milward, secretary of the State Potato Growers' Association, Madison, Wis., has just notified the county agent and agent that according to present indications the State scheduled time, Nov. 20-24, at Milwaukee. It seemed for a while that because of the influenza epidemic it might be necessary to postpone it, but Prof. Milward, after consulting with the state board of health officers, feels sure that he can make the announcement.

In six years the Wisconsin potato show has grown from an ordinary collection and exhibit of potatoes to the special crop exhibit in America. Potato growing on an organized basis is under development in about thirty counties in Wisconsin. Standard varieties have been selected, adaptable to local conditions, work has been done along the lines of disease control and seed selection. The county booth exhibits at the state potato show will be one of the big features of the exposition; an unusual amount of competition has been aroused, which for several years has made this class the largest collection of standard potatoes assembled in America.

One half bushel boxes will be provided at the exposition for the showing of potatoes in the standard variety class. In Wisconsin not over six varieties are important. There are only a few important standard varieties in America; all these varieties are grown under many non-standard names. Under classification at the Wisconsin potato exposition, all the standard varieties important to the development of the industry will be shown in competition by several hundred growers.

There will be a potato club class for the several thousand boys and girls in Wisconsin who are growing potatoes in competition.

Another large feature of the exposition this year will be the showing of commercial stock. The Wisconsin Potato Growers' Association for the first time last year arranged to show both seed and table stock in commercial grades. The management of the exposition this year has provided for an extension of this department. On account of the extensive floor space at the Auditorium where the exposition will be held several cars can be handled, and arrangements are made for the disposal of all commercial stock shipped to the exposition. The exposition will give unusual attention to the problems of grading, shipping and marketing the potato, and practical demonstrations will be given.

There will be a department for the women, in which there will be a complete exhibit of foods cooked or manufactured from potatoes, with demonstrations. Jointly with the exhibit of standard potatoes a complete exposition of specialized machinery and equipment, power outfits, spray mixtures, and fertilizers will be arranged. Machinery Hall, containing 40,000 sq. ft. of space, will be devoted exclusively to this exhibit. The experimental station of the state university will install a complete exhibit of potato diseases and pests, fully demonstrating control measures. An entertaining as well as instructive program has been arranged for each day of the exposition. The Milwaukee Association of Commerce and all organized industrial agencies of the city are cooperating with the organized potato interests and agricultural associations of the state to make this exposition a tremendous success. The potato is the main crop of Wisconsin, and the potato show is the most important event of the year.

SALE OF TINFOL

The first sale of tinfoil which has been held by members of the Red Cross Association was made last week and netted the club \$200, which will be given to the Red Cross. Cans and boxes of tinfoil, a number of stores about the city some time ago, and people were asked to donate all tinfoil to them. The tinfoil is going to be used in many places where tinfoil, gum, etc. is sold and ask for a contribution of donations. If people will not roll the tinfoil into balls or wads, but leave it just as it comes off the article it covers, the members of the club will be saved a great deal of time and work.

BEAUTIFUL LIFE ENDED

Miss Gladys Hofsoos, One of Stevens Point's Loveliest Girls, Dies in South Dakota

A message received here last Thursday afternoon from Lead, S. Dak., announcing the death that afternoon of Miss Gladys Hofsoos, daughter of Chief of Police and Mrs. John S. Hofsoos, caused intense sorrow for hundreds of Stevens Point people who knew this lovely young lady.

The first knowledge of her illness came on Monday evening of last week and Mr. Hofsoos left that night for his daughter's bedside, reaching there Wednesday afternoon. Her condition was very critical at that time but she remained fully conscious during that afternoon and evening and conversed with her father for some time.

The story of her illness, as related by friends of the young lady and published at considerable length in the Lead Daily Call, is one of heroic sacrifice and fully deserving of the highest commendation.

Lead is a city of about 10,000 people, located in the famous Black Hills of South Dakota, and because of its extremely high altitude has always been regarded as more than ordinarily healthful. But when the influenza epidemic made its appearance a month ago that mining center was hit harder than the average town. Two hundred cases developing in a few days, not only taxing the capacity of the large hospital but it was necessary to transform several other public buildings into places for the care of the sick. Volunteer nurses were also called for to go into the private homes and in response to this request Miss Hofsoos and her close friend, Miss Etta Danielson, also a teacher at Lead, took charge of a family of nine people, all of whom had been stricken.

A few days after beginning this work of mercy, Miss Danielson was taken with influenza and passed away last Wednesday. Miss Gladys also came down with the disease on Tuesday, Oct. 29th, pneumonia developing a few days later, and she, too, answered the final summons at 2:15 o'clock Thursday afternoon. Both girls truly gave up their lives in a noble cause.

The remains were prepared for shipment to Stevens Point, leaving the South Dakota city Friday afternoon and arrived here on the Soo train at 3:00 p. m. Sunday. They were taken to her late home on Brawley street and that evening transferred to Boston's undertaking parlors, where funeral services were conducted at 11 o'clock Monday morning by Rev. Theo. Ringo, pastor of St. Paul's Lutheran church. Interment followed in Forest cemetery. Those who served as casket bearers were W. B. Murat, S. K. Nelson, Ray Gordon and P. C. Johnson.

Gladys Evelyn Hofsoos was born in this city April 19th, 1892. She attended our public schools through the grades and then enrolled at the Normal, completing the full course there in June, 1910. Her teaching experience included work at Coleman and Phillips, Wis., and Sioux City, Iowa. In the fall of 1917 she accepted a position as seventh grade teacher at Lead, where her abilities were recognized by a substantial increase in salary for the 1918-19 term. During the past summer the young lady took advanced work at Chicago university, devoting six weeks to study at that institution. Miss Danielson, whose home was at Red Wing, Minn., also attended the Chicago school.

Members of her immediate family are the grief stricken parents, two sisters and a brother, Miss Selma Hofsoos, who teaches at Manitowish, Wis., Erick Nord of Minneapolis and Emil Hofsoos, now with the United States forces in France. All of these have the heartfelt sympathy of the community.

Nels Docka and daughter, Mona, of Amherst Junction were among those from a distance who came here for the funeral.

An expression of the esteem in which the deceased was held in the western city is contained in the following letter addressed to Mr. and Mrs. Hofsoos and family by the pastor of the Lead Baptist church:

"Let this Lead Baptist convey to you our deepest sympathy in this the hour of your deepest gloom.

"As a minister of Jesus Christ and one who has been in the thick of the fight in the city of Lead, I am able to speak with personal knowledge of the spirit of heroism displayed by your precious daughter.

"Unselfish, undaunted and with all her heart she threw herself unflinchingly and lovingly into the fight, in seeking to give relief to those who were smitten with the same plague which caused her death, and in so doing she won the undying love of the people of our entire city.

"She made the sacrifice and the payment over the top and in her death she left no survivors.

"The loss of her as a daughter and a friend is a heavy burden, which will be felt for many years to come.

"May the God of a merciful comfort and peace be hers and may God's angels be hers to guide her in the presence of the Lord, such a beautiful daughter.

"J. M. Moore, Pastor, First Baptist church, Lead, South Dakota."

OLD CLAIMS ANOTHER VICTIM

After a week's illness with influenza and pneumonia, Carl W. Lundgren passed away at his home, 414 1/2 Division street, last Saturday morning at 6:15 o'clock. Mr. Lundgren, who was 24 years of age the 26th of last July, was born near Eau Claire but the family moved to Stanley a few years thereafter, and that city was the young man's home until a little over a year ago when he moved to this city. He had been employed as a fireman on the Soo line while a resident of this city. Those who survive are his wife in this city and his mother, Mrs. John Van Dusen of Ladysmith. The body was taken to Stanley on Monday for burial.

ADMIT UNDER GRADUATES

Boys Who Have Not Completed High School Course May Join S. A. T. C. at Normal

Boys who have not completed High School course may join S. A. T. C. at Normal.

The war department has just authorized all colleges which have units of the collegiate Students' Army Training Corps to open their corps to new recruits at the middle of the current quarter, about Nov. 9. To aid them in recruiting their corps to full strength, the war department has authorized them to set aside the requirement of high school graduation and to admit men who, because of partly completed high school work, business or vocational experience, or personal qualifications, would be considered officer material.

Student soldiers must rise, stand at attention, and speak with clearness and decision when they recite in the classroom, according to recent war department orders. The practice in snappy movements and answers is planned to assist them in their training as officers and aid the work of their army drillmaster.

To require students to stand while reciting is an innovation in most departments at the Stevens Point Normal, as well as in other colleges. It has not been required before because it takes time and thereby retards rapid questioning of the quizmaster.

S. A. T. C. soldiers are marched to and from classes by their officers, and daily reports of their attendance and work are required from instructors. Misconduct in the classroom is handled, like all military matters of conduct, by the military authorities.

HENRY KELLY'S FUNERAL

Those who acted as pallbearers at the funeral of Henry Kelly, who was buried last Thursday afternoon, were the following: Willard Fisher, William Reading, Walter Bruce and Leslie Reynolds, all of whom attended school with the young man.

ANDREW KOMASA DEAD

The death of Andrew Komasa occurred at his home at 1101 Second street last Friday afternoon at 3:30 o'clock. He had been ill for the past eight months with dropsy which resulted in his death. Burial services were held at St. Peter's church on Monday morning with interment in the parish cemetery.

PNEUMONIA TAKES MOTHER

When Caring For Children Mrs. Henry F. Gussel Contracts Pneumonia and Succumbs

After a short illness with pneumonia, during only three days of which she was confined to her bed, Mrs. Henry Gussel passed away at her home, 301 Oak street, last Saturday at 12 o'clock noon.

Other members of the family had been ill with influenza and she cared for them with no thought for herself, but was finally forced to give up, and influenza developed into pneumonia.

Forty years ago last February 5th Rosanna Yetter was born in the town of Grand Rapids, Wood county, and lived there until seventeen years ago. She was married to Henry F. Gussel in her native town in 1897 and they continued to live there until 1901, when they came to Stevens Point. They were the parents of four children, who together with the husband, survive their mother. The children are Edward, with the U. S. army in France, Laura, Henry, Jr., and Bernhardt at home. Mrs. Gussel also leaves her mother, Mrs. Marie Yetter, one sister, Miss Caroline Yetter, and a brother, Will Yetter, all of Milwaukee, and two other brothers, Albert Yetter of Peshtigo and Gottlieb Yetter, whose present address is unknown.

The funeral was held from the family home at 2 o'clock Tuesday afternoon, Rev. Karl Freytag officiating. Burial followed in Forest cemetery.

THREE POUNDS OF SUGAR

Government Raises Allowance One Pound Per Person Because of Big U. S. Crop

The sugar allowance of two pounds per person for October holders has been raised to three pounds monthly by the Food Administration. However, the new November list of the sugar regulations is so revised to permit the purchase of the entire month's supply for a family at one time. This relaxation of the restriction placed on the use of sugar for household use was made possible, Mr. Hoover says, through the rapid manufacture of the best sugar crop in the west, the new cane crop in the south, reduction of consumption in manufacturing, and patriotic conservation by the public.

Meat combination dishes, such as hash, goulash, meat pies and liver and bacon may be served by hotels and restaurants under amendments to the regulations for public eating houses announced last week. The original rules announced two weeks ago provided for serving only one kind of meat to a person at a meal, but it has been explained that this was not intended to do away with combination meat dishes. While toast may not be used as a garniture, it may be served under poached eggs, chipped beef and with other dishes in which it is customary to use it.

NATIVE OF BUENA VISTA

Mrs. Geo. Newby, Resident of Portage County Nearly 52 Years, Dies Last Thursday

Mrs. Elizabeth Myers Newby, wife of George Newby, died at the family home in Buena Vista last Thursday afternoon, following a long illness with chronic nephritis. She had been in poor health for the past two or three years but through the exercise of an indomitable will power Mrs. Newby kept up almost continually until the 26th of last August. Her death had frequently been reported since then, and although very low several times she survived until the threads of life snapped asunder just before dusk last Thursday.

Elizabeth Myers was the only daughter of the late Mr. and Mrs. C. C. Myers, among the earliest settlers in Buena Vista township. She was born on the Myers farm 51 years ago the 11th of January and lived there until her marriage to Mr. Newby.

They are the parents of seven children, E. C. Newby of Eaton, Ohio, Percy of Plover, Mrs. John Dorsha, Clay, Ethel, Edith and Harrison of Buena Vista.

Mrs. Newby also leaves two brothers, Ed. Myers of Buena Vista and Wm. A. Myers, whose present address is unknown.

Until ill health came upon her, Mrs. Newby was a very active lady and took especial delight in performing acts of kindness and mercy in her neighborhood. She could truly regard as a friend each and every one of her acquaintances, and that this friendship was by no means confined to a limited circle was attested by the attendance at her funeral.

Because of health board regulations, the burial exercises were held out of doors on Monday afternoon at 2 o'clock, Rev. James Blake of this city officiating. The remains were then laid to rest in Buena Vista cemetery, those serving as pallbearers being E. C. and Percy Newby, John Dorsha and G. C. Springer.

RETURNS TO THE JUNCTION

O. A. Stolen Finishes County Organization Work for A. C. A. and Goes Back to Farm

O. A. Stolen and family, who have lived in Stevens Point for the past couple of years, occupying the home at 527 Ellis street, have returned to their farm near Junction City for the winter. Mr. Stolen fills the position of organizer for the American Co-operative Association, whose stores and warehouses are scattered throughout several northern states and undoubtedly buy and sell more farm produce than any other concern in the country. Branches of the Co-operative company have been established in nearly all the villages of Portage county, with two potato warehouses in this city. At several of the smaller towns the A. C. A. not only handle farm produce of all kinds but also deal in groceries, flour, feed and other provisions. Mr. Stolen expects to devote next season to this line of work in neighboring counties. Under ordinary conditions it is not an easy matter to interest farmers in so-called co-operative enterprises, therefore Mr. Stolen's success is little short of marvelous.

The daughter, Miss Lenore Stolen, will remain here to continue her studies at the Normal school.

OLD CROSS PAYS TRIBUTE

Letter of Sympathy and Comfort Sent to Parents of Homer Whittaker.

Soldier Who Died in South

In addition to a brief write-up of the late Homer Whittaker, published on the third page of this issue, the following details have been gathered, and will prove of special interest to friends of the family here and elsewhere.

First-class Private Homer Radcliffe Whittaker, was born in the town of Buena Vista, Portage county, Wis., June 25, 1897. He left home on April 25, 1916, to enter the employ of the Great Northern railway as fireman, with headquarters at Glasgow, Mont. On December 23, 1917, he enlisted at Spokane, Wash., in the mechanic aviation section, and in January, 1918, was sent to the 34th Aero Squadron at Waco, Tex. In April he was transferred to the 32nd Balloon company and ordered to Ft. Sill, Oklahoma. In September the 32nd Balloon company was sent to Camp McAllister, Austin, Ala., where he died October 23,

1918, aged 21 years, 4 months and 4 days, of lobular pneumonia.

He was the second son of Clarence W. and Ruby Radcliffe Whittaker and a grandson of two of Portage county's pioneer families, Alphonso and Isabel Altenburg Whittaker, whose parents came to this county from Pennsylvania at an early date; also Benjamin and Mary Noble Radcliffe, who came here from Liverpool, England, in 1856.

Besides his parents he leaves to mourn his death one brother, Ralph, who lives on the home farm, and two sisters, Mary and Grace, who are attending high school at Stevens Point.

The body arrived in Stevens Point Sunday morning in charge of Corporal H. L. McCall of the 32nd Balloon Co., who had been his comrade for ten months, and was conveyed to his home in Buena Vista, where the funeral was held Tuesday morning, with full military honors.

We quote an extract of a letter from the American Red Cross to the bereaved family:

"At this moment of your grief there is nothing we can say to comfort you, other than that you have the sincerest sympathy of the American Red Cross. Your son was a fine man, loved by his fellow soldiers and he will be sadly missed. In time to come you will be very proud of the fact that your boy gave his life for the grandest of service to his country.

"He did not reach the front, it is true, but that fact does not detract from the truth that his will was as fine as that of those who have crossed over and met the enemy face to face. This example of patriotism your boy displayed will place his name permanently on the roll of honor which contains the names of the men who gave their lives for their country."

Those who attended the funeral from away are Mr. and Mrs. Chas. Altenburg and daughter Fern of Dancy, Mr. and Mrs. G. H. Altenburg of Stevens Point, Mrs. Radcliffe and daughter, Ella, of Milwaukee, and Wm. Ragan and daughter, Mrs. F. E. Gustin of Bancroft.

STEVENS POINT-OSHKOSH GAME

Owing to the ban on public gatherings, the football game played by the local Normal and the Oshkosh Normal teams last Saturday afternoon was witnessed only by the members of the Normal faculty, the substitutes and members of the S. A. T. C. This was the first game of the season for the locals, and resulted in a score of 15 to 6 in their favor. The team is working hard to make a good showing when they meet their old rivals, the River Falls team next Saturday, and with the material they have, there is every reason to believe that they will make good.

The line-up for Stevens Point last Saturday was: Andrews, c.; Worzalla, r. g.; White, l. g.; Smith, r. t.; Banach, l. t.; Monroe, l. e.; Colby, r. e.; Zorn, f. b.; Ritchey and Chamberlain, q. b.; Ritchay and Flink, l. h.; Evue, r. h. Substitutes, Elliott, Shumway, Egger.

The line-up for Oshkosh: Dopp, c.; Ludemann, r. g.; Polly, l. e.; Taylor, l. t.; Siefert, l. g.; Leiland, r. t.; La Pein, r. e.; Miller, q. b.; Williams, l. h.; Roe, f. b.; Bambenek, r. h. Substitutes, Walecki, McMannany, Korn, Ross, Barber, Grant, S'ocum and Neuville.

Hotchkiss of Oshkosh was referee. Schneller of Waupaca umpired, A. J. Herrick of the local Normal and W. A. Witte of Oshkosh acted as time keepers, and Steiner, Green and Nohr were linesmen.

DEATH OF CHRISTINE WARSHAK

Young Woman Passes Away Last Sunday Morning After Week's Illness With Pneumonia

A life of ambition and promise was cut off last Sunday morning at 7:39 o'clock when Miss Christine Marie Warshak, passed away at the home of her mother, Mrs. Mary Warshak, 201 Jefferson street, after an illness of a little over a week with pneumonia. For several days before the end, it was feared that the young lady could not survive, although everything possible was done for her.

Christine Warshak was born in this city Feb. 15, 1894, and she received her education in St. Stephen's and St. Joseph's parochial schools, and was graduated from the latter. Nine years ago she went to Chicago, where she was employed for five years, but becoming afflicted with bronchitis and asthma, was obliged to return to this city, where the climate was more favorable to her condition. Since returning here she had been a member of the force at the Frost Fishing factory, where she was most capable and diligent.

A young woman of exemplary character and affable disposition, she will be greatly missed not only by her relatives but by many friends. She is survived by her mother, Mrs. Mary Warshak, three sisters, Mrs. J. Johnson of Fond du Lac, Mrs. J. Kistel of Chicago, and Miss Katherine Warshak at home, and one brother, Ed. Warshak also at home.

The funeral was held from the Catholic church at 9 o'clock Tuesday morning. Rev. H. L. Pfeiffer of St. Joseph's church officiating. Interment followed in St. Joseph's parochial cemetery and the pallbearers were E. A. Neuhagen, N. P. Bonner, Geo. Herman, Carl and Harold Ule and Mike Walters.

Besides the sisters who live outside the city, others who came to attend the funeral were J. Johnson of Fond du Lac, J. Kistel, Matt Schuch, Mrs. John Erzig and Miss Susan Zeil of Chicago, and Fred Zeil, in training at Great Lakes.

CARD OF THANKS

We wish to extend our sincere thanks to our friends and neighbors, also the State Guards, for their kindness during the burial of our son and brother.

C. W. Whittaker and family.

OLD PIONEER IS GONE

Dennis Loughlin, Resident of This County Nearly Half Century, Dies Near Dorchester

Dennis Loughlin, for upwards of forty years a resident of the town of Stockton, where he owned valuable farm property, passed away at his home near Dorchester, Clark county, last Thursday and was buried in St. Mary's cemetery, Custer, Saturday afternoon. The remains were brought there on Soo train No. 12 that day and services at the grave were conducted by Rev. J. A. Bartelme.

Mr. Loughlin was a little past 65 years of age, the date of his birth being Aug. 9, 1853. He grew to manhood in Stockton and resided there continuously until about twenty years ago. Disposing of the old homestead, Mr. Loughlin bought the Upham farm just south of Marshfield and operated this place a few years. The family then moved to Dorchester, near where Mr. Loughlin purchased a large tract of land.

His first wife, who was Miss Margaret Coniff of Stockton, died on the Dorchester farm, leaving the husband and a large family of children, one of whom is Dr. John T. Loughlin, a practicing physician at Grey Eagle, Minn. Mrs. Herman Kronschnable of Dorchester is a daughter of the deceased.

He was married for the second time only a few years ago to a very esteemed resident of Clark county, Mrs. Loughlin also survives her husband.

Four sisters are living, Mrs. Mary Fahl of Grand Rapids, Mrs. M. O'Keefe of Custer, Mrs. Geo. Woodworth of San Francisco and Mrs. Thos. Trebb of Ironwood.

Mr. Loughlin was one of the last of the second generation of pioneer settlers near Custer station. He was a sturdy, honest soul, a man of generous impulses and hospitable almost to a fault. Although his visits to the old home county during late years had been all too few, yet he is kindly remembered by our people.

The members of his family have the sympathy of the community in their hour of sorrow.

Anatomical Query.

Harry was fond of drawing, especially pictures of animals. One day he was trying to draw a horse and got along nicely until he came to the legs. After several unsuccessful attempts he asked: "How do a horse's legs begin, I wonder?"

Figuring Weight of Ice.

A very close estimate of the weight of any block of ice may be ascertained by applying the following method: The volume of the ice in cubic inches is obtained by multiplying together the three dimensions. Dividing the product by 30 gives the weight in the ice in pounds. For instance, if the block is 10 by 10 by 12 inches, its volume is 1,200 cubic inches; dividing this product by 30 gives 40 pounds as the correct weight of the ice.—Popular Science Monthly.

Get an Idea of Your Own and Stick to It

That is the message Alexander Bell, the inventor and scientist, gave to the young men of America on his 70th birthday. Combine observation and experience with ACCOMPLISHMENT and you have the head basis of reliable advice, the difference between theory and knowledge.

The practical idea that every man must make his own place comes with responsibility for PROVISION. The very zest of life is SUCCESS. That is what every normal man or woman is aiming at and there is no success that is not fortified by provision—provision for the rainy day, for dependants, for opportunity. Provision is the reward for right living, right thinking, the Increment of Earnings. This strong bank wants to know men and women with the right idea of success and the purpose to Stick to It.

Mrs. Otto Shibley and little daughter Evelyn left Thursday last for Cashmere, Washington, where she expects to join her husband, who has been in the west for some time for his health.

Miss Ferol Barton of Hancock was a guest at the E. M. Walker home the past week. She left Saturday for Fond du Lac, where she has accepted a position in one of the railway stations.

A. K. Straw arrived last week from Batavia, Ark., and is a guest of his parents, Mr. and Mrs. S. J. Straw of Oasis. His mother has been failing in health for some time and is now quite seriously ill.

Word from Hancock announces the death of Mrs. David Mathews, an old and respected resident of that city, who has been failing in health for several years. About a month ago she fell and broke her hip and has since been confined to her bed and suffered untold agony. She passed away at her home Monday morning and funeral services were held Tuesday, the Rev. Cook officiating with interment in Hancock cemetery.

Funeral services for the late Warline and Orestes Urban, aged 21 and 16 respectively, only sons of Mr. and Mrs. John Urban, living two miles east of Plainfield, were held on Monday of last week from their late home, and were attended by a large number of friends. The beautiful flowers also attested the esteem in which the boys were held. It will be recalled that the brothers passed away only six hours apart, and the father was also seriously ill at the time, but is now improving.

The remains of Wm. Cook, who died Oct. 20th of influenza at Jefferson Barracks, Mo., were brought to Hancock last Friday in charge of Sgt. B. R. Paige. A short funeral service was held that afternoon on the lawn at the home of Mr. Cook's aunt, Mrs. Ed. Gibbs, she being the only relative here, his mother, who had cared for him in his illness, herself contracting the disease and being seriously ill in Missouri. The body was laid to rest in the Plainfield cemetery beside his father, the late Myron Cook, who was a veteran of the Civil war.

Word from Hancock announces the death of Nurse Haskins, wife of Jas. Haskins, living just west of Hancock. She had previous to her illness nursed in the Skeel home here. The dreaded disease, influenza, took her after her long, untiring hours spent assisting the sick. She was all worn out and could not fight the disease, pneumonia developing and the good woman lasted but a few days. Funeral services conducted by Rev. Joslin were held at the home last Monday. Interment was made in the Deerfield cemetery. Plainfield friends extend sympathy to the bereaved relatives.

The body of Ezra Wood, aged 37, was brought here last Friday from Boyd for burial in Plainfield cemetery, deceased having passed away after a brief illness at his home there. He leaves to mourn his loss a wife and one daughter, Evelyn, besides a host of other relatives and friends. He is survived by three sisters, Cecil, Sylvia and Lora, at home here, two brothers and three half brothers: Marcus of Canton, Va.; Jesse A. of Plainfield, Va.; and William, Sumner of Stevens Point, and William of the Great Lakes.

CARED FOR RELATIVES

Mrs. Herman Schroeder and niece, Mrs. J. J. Reed of North Fond du Lac, who have been in the city for the past several weeks, will leave by the next train for their home in Stevens Point, where they will be cared for by relatives.

Mr. and Mrs. E. E. Baldrige and family left Monday by way of the Chicago and North Western R. R. for New York, where they expect to settle permanently. The best wishes of their friends here go with them.

Guy McIntee arrived here Sunday from Superior, where he has been employed in the ship yards. Guy came down to take the examination for service in the U. S. Army and preferred leaving from his home county.

Dr. Rock went to Stevens Point Monday, where he assisted in examining with the local board. Dr. and Mrs. Rock expect to leave for Milwaukee the latter part of the week, where they will locate permanently.

Frank Holt of Coddington was attending to business matters here last Friday. Mr. Holt has occupied a farm near Coddington the last seven years, which he has sold to George Kramer, and with his family will return to Illinois.

NEWS AND VIEWS FROM HERE AND THERE

John Henderson, for two years clerk at the Meyers hotel, Janesville, has enlisted in the tank corps.

Henry Krueger, aged sixty-three, died of blood poisoning at Two Rivers after a brief illness.

The Wisconsin food administration has received official notice that the ban has been raised from mince pie.

An embargo on live poultry effective December 10 may prevent the usual winter shows of the poultry association of Wisconsin.

The Milwaukee health authorities state that the influenza epidemic is under control and that the closing ban will be partially lifted soon.

Mrs. Linda Elliott, aged fifty, was run down and killed by an automobile at La Crosse. Her grandson of two years, which she carried in her arms, was unhurt.

A deed dated December 18, 1844, conveying an eighty acre tract in the town of Oconomowoc from Christian Hoyer to Hans B. Paus, has just been filed at Waukesha.

Lieut. Marcus T. Casey, son of M. J. Casey, New Richmond, and prominent on the university track team, died of pneumonia on the Archangel front in northern Russia.

Mrs. E. J. Updike, Lake Mills, is critically ill with pneumonia. She is the widow of Dr. Updike, for twenty-five years pastor of the First Congregational church at Madison.

Lieut. George S. Kull, aviator who disappeared in a raid over the German lines, September 15, is the son of E. O. Kull, Lake Geneva. He has been in active service in France a year.

The Wisconsin Potato Growers' association will hold a potato exhibition at Milwaukee, November 20-24. Twenty-four counties have already entered and a larger number is expected.

The finding of Elizabeth Arnold, a Milwaukee girl of seventeen, in a roadhouse near the city, after a search of several days, has caused the arrest of six men, including the two proprietors of the roadhouse.

Wisconsin has received the thanks and appreciation of the war department for the speed and efficiency with which it completed the classification and physical examination in the recent 150,000 draft.

Henry Zobel, confessed burglar of some eighteen parsonages, churches and convents at Milwaukee, during the last two months, has been sentenced to ten years in the state prison. Zobel had served two terms of five years each in the Minnesota state prison.

Milwaukee county farmers who have been dodging Liberty loan investments are subscribing when visited by automobile parties of loan workers who give them the alternative of subscribing or having their premises placarded with a "slacker label."

GOING TO ATLANTA

Karl Kelsey, for the past five weeks a member of the S. A. T. C. at Madison university, visited at his home in this city last Saturday and Sunday. He returned to the capital Monday morning and left there last night for Atlanta, Georgia, to take the officers' training course. Karl was placed in charge of 187 young men who had been selected for the Atlanta school out of a body of some 3,100 students at the university. Since going to Madison he has received exceptionally high markings in his studies and also gained rapid promotion along the grades of military work, his present title being that of sergeant major. The young man anxiously awaits the overseas journey.

KILLED WOLF

Merrill Herald, Walter Bosworth, son of Game Warden E. F. Bosworth, and Richard Krembs, son of E. A. Krembs, killed a wolf near the Metcalf farm Tuesday. The boys took the scalp to the office of County Clerk John Brandt and received the county bounty of \$10 and will receive a like amount from the state within a few days.

JOE AUSTIN IS DEAD

Joseph Austin, who will be remembered by many of our readers as a former resident of Stevens Point, died at his home in Menasha last week. Mr. Austin had been connected with the Menasha Woodware Co. for many years and was superintendent of a saw mill they operated in this city some years ago. The plant was located just across from Main street, on the west side of the Wisconsin river.

DISABLED BY GAS

Frank Russell of Park Falls, brother of Mrs. J. E. Burns of this city, returned from France last week on a ninety days' leave of absence. He left for the war zone a couple of months ago as a truck driver and had since been devoting most of his time to work near the front line trenches. He was gassed three times, the last time being on the Metz sector near Vilevey. This put him out of commission and in the hope that he might recuperate more quickly, he was granted leave to come home.

GOOD PROGRESS

Wausau Record-Herald, Oct. 30: The crew now working on what is known as the Stevens Point hill, just south of the Milwaukee station at Mosinee, is being pushed as fast as possible. It is expected that by next Monday a cut twenty-feet wide and six feet on what was the steepest part of the hill will be finished and the road opened to vehicle traffic, a detour having been necessary for some time. It will be three weeks before the entire work is completed. The hill, which has been a great inconvenience in the past, will be reduced to an easy and uniform grade of seven per cent from bottom to crest.

THE WEAKEST LINK

"We are not now interested in securing the services of a community nurse," writes a school superintendent to a public health association, "because we think that no trained nurse should be engaged in civilian work at present." How this school man would justify the action of the American Red Cross in releasing certain selected nurses from military duty and assigning them to public health work among the civil population in France, I do not know. From his statement, he must surely take issue with President Wilson who says: "Next to the duty of doing everything possible for the soldiers at the front, there could be, it seems to me, no more patriotic duty than that of protecting the children."

What advocates of retrenchment in all matters of public health fear, probably, is that care of civilian health necessitates neglect of the military. If these people would pause to give reason as well as sentiment a voice in their conclusion they would speedily realize what all experience and authority indicate—that the health of the army and navy cannot be divorced from the health of the civil population. From the civil population, the army and navy are drawn. To it, they return on furlough. All the attention in the world, under these conditions, cannot stamp disease out of three per cent of the population (the soldiery) if it is neglected among the remaining ninety-seven per cent. The problem of caring for our army will be solved, therefore, not by neglecting the rest of the population but by directing available medical resources so economically as to serve both.

Dorothy Phillips.
Postscript:—The foregoing was written several weeks ago. The epidemic of "Spanish influenza," through which we are now passing, has proved the correctness of the position taken more convincingly than written or spoken words alone can ever do.—(The Editor).

SOCIAL
HAPPENINGS
of INTEREST

Robert J. Carle, proprietor of the Eagle Arg and Novelty Company, was married to Edith L. Schuppel of La Crosse on Monday at 11 a. m. by Rev. James Blake at his residence in the presence of Mrs. D. E. Olds, mother of the bridegroom. They will make their home for the present at 800 Water street.

Mrs. M. L. Allan entertained informally at a small dinner party in honor of Mr. and Mrs. J. W. Strope last Wednesday evening. Mrs. Ellen Carpenter also entertained the Strope's the following day. Mr. and Mrs. Strope left for Laton, California, the last of the week, where they will remain for the winter.

Chester Robn and Miss Elma Marnes were married in Milwaukee last Saturday evening at 6:30 o'clock, in the residence of the bride's parents, Mr. and Mrs. Henry Marnes, 2791 Highland boulevard. The ceremony was performed in the presence of relatives and intimate friends, Rev. C. H. Beck officiating. The bride and groom were attended by two bridesmaids, the Misses Helen and Elma Marnes. After a wedding trip Mr. and Mrs. Robn will reside in Milwaukee. Mrs. Robn is a well known woman in Stevens Point, her first wife being Miss Myrna Jensen of this city, who passed away a few months after their marriage.

Miss Jennie Stoltz, daughter of Mr. and Mrs. Aug Stoltz of the town of Dewey, was married at Vancouver Barracks, Wash., Sept. 25th, to Corporal Frank A. Hamerski, formerly of Plover and who taught in Portage county schools for several years. Miss Catherine Turpin of Portland, Ore., acted as bridesmaid and Corp. Henry L. Somers, until recently of Stockton township but now with the army transportation unit at Portland, was bestman.

Father Powers, chaplain for the Knights of Columbus at the Vancouver cantonment, performed the impressive ceremony.

A short wedding trip was taken via auto to Moultonville Falls and The Dalles.

Mr. Hamerski, who was a student at the local Normal a few years ago, is now attached to the Second provisional regiment and is assigned special duty as clerk for the air craft production bureau.

Friends of the young couple in this vicinity will wish them a full measure of health and happiness.

COSTLY AUTOMOBILE DEAL

M. J. Breitenstein Gets Into Trouble
Over Sale of a Car and is Fined
by Milwaukee Judge

The practice of "kiting" checks is by no means an uncommon one, but it none the less proved costly for Myron J. Breitenstein of this city, who was fined \$100 in Milwaukee last week. According to the evidence presented in district court there, Breitenstein gave a check to the Nash Sales Company for \$1,199 in payment for a car, the machine being then driven to this city and presumably turned over to a prospective purchaser, who was expected to deposit the sale price in a local bank.

At this time Breitenstein secured a position as passenger brakeman on the Soo line and paid no more attention to the transaction, the final details being left with other parties. It seems that the would-be purchaser failed to "come across" and therefore when the check was sent to this city for collection there were no funds to meet it.

The next chapter was enacted by a Milwaukee detective, who came here with a warrant for the young man's arrest. Cash bail of \$2,000 was deposited for Myron's appearance in court, where the transaction was explained as above outlined, with the result that he was compelled to pay the face value of the check, \$1,000 fine and costs. While entirely innocent of any wrong doing, it was nevertheless an expensive lesson.

MEEHAN

A baby girl was born to Mr. and Mrs. George Roe, Oct. 25th.

But G. Fox spent last week over in the vicinity of Amherst with friends. Mr. and Mrs. Chas. Wolfe and daughter, a son of Stevens Point spent Sunday here visiting with friends.

Mr. and Mrs. Clair Galloway called on friends over across the river in the town of Linwood last Sunday.

Mr. and Mrs. Frank Mathewson of Stevens Point spent Saturday and Sunday here visiting among friends and old neighbors.

This has surely been a splendid fall for farmers, and they have their seasons work about done. Many are now plowing and getting ready for next spring's grain crop.

Mr. and Mrs. Frank Porone have sold their place to John Woloske. But we are glad to hear that they are not going to leave us just now and hope they will decide to purchase another farm in our vicinity.

School commenced again Monday morning after a two week's vacation. The state board of health has given the local board permission to proceed as they thought best and as there is no influenza here now, it was considered safe to go ahead.

Robert Slack went to Chicago last week, where he will undergo an operation on his leg. He has been in a crippled condition ever since his leg was crushed in the logging woods two years ago but has hopes of being helped by submitting to this operation.

PROPHECY REPRINTED

Remarkable Document Written in 1500 Contains Predictions Which Are Coming True

The Gazette of Oct. 10, 1917, published a very interesting article headed "Fifth Century Monk's Remarkable Prophecy," the translation of an old document predicting a world war and its end. It was made by a monk, Frater Johannes, in 1500, and its authenticity is vouched for. This prophecy was discovered in old parchments in the convent of the Holy Ghost at Wisimar, Germany, and is kept under glass in the town hall of that city.

The latter paragraphs of the prophecy, which is turning out substantially as predicted, are reprinted below.

Towards the 2,000 Antichrist (kaiser) will be made manifest. His army will surpass in number anything that can be imagined. There will be Christians among his cohorts and there will be Mohammedans among the defenders of the Lamb as well as some heathen soldiers.

For the first time the Lamb will be red, for blood will flow in the domains of the four elephants at once.

The Black Eagle will have itself up on the Cock, which will lose many feathers. It will soon be exhausted, not for the Leopard and its claws.

The Black Eagle, who will come from the land of Lethen, will make a surprise attack upon the Cock.

The White Eagle will come from the north.

The Black Eagle will find itself forced to let go the Cock in order to fight the White Eagle, whereupon the Cock will have to pursue the Black Eagle into the land of the Antichrist to aid the White Eagle.

The battles fought up to that time will be as nothing compared to that which will take place in the Lutheran country.

When the beast finds himself lost, he will become furious.

Men will be able to cross the rivers over the bodies of the dead.

Antichrist will sue for peace many times, but the seven angels, who march before three animals of the land, will have proclaimed that victory will not be given except on conditions that Antichrist shall be crushed like straw on the threshing floor.

The three animals will not be permitted to cease fighting as long as Antichrist has soldiers.

It will be made manifest that the combat which will be fought out in the part of the country in which Antichrist forges his arms, is no human conflict. The animal defenders of the Lamb will exterminate the last army of Antichrist.

Antichrist will lose his crown, and die in solitude and madness. His empire will be divided into twenty-two states, but none will have any longer any fortifications, army or ships of war.

The White Eagle, by order of Michael, will drive the Crescent out of Europe, where there will be no longer any but Christians. He will install himself at Constantinople.

Explanation

The Kaiser is a German Lutheran—his arm is withered. Germany is the Black Eagle. Austria, her ally, has also an eagle. Russia is the White Eagle. France is the Cock. England, the British Empire, is the Leopard.

FALL PLOWING LESSENS PESTS

Begin now to decrease next season's insect pests, advises the economic entomology department at the University of Wisconsin. Entomologists point out that many injurious insect pests spent the winter under such shelter as heaps of rubbish, leaves, and refuse, tufts of grass, or rank growing weeds, or in the soil. Plowing under or destroying all rubbish deprives the insects of shelter and exposes them to the cold, many of them dying as a result.

Cutworms may be attacked this fall by plowing and harrowing the ground, for the moths lay their eggs on weeds and grasses in the fall. Plowing buries the eggs and deprives the young cutworms of food.

Grasshoppers may also be destroyed by plowing deeply, for this buries the eggs so that the young hoppers cannot escape, or exposes the eggs to the weather.

White grubs cannot be reached by plowing now, according to L. G. Genther, one of the station entomologists, because they have probably gone into the ground to spend the winter. Next spring they will come up again to feed for a short time, and if the planting of crops on infested ground is delayed for some time, injury from the grubs can be greatly lessened.

DOING IMMENSE BUSINESS

Lanark Cheese Factory Turning Out Thousands of Pounds Each Month—New Addition

Mike Hopkins and John E. Hickey drove up from Lanark last Saturday afternoon with a truck load of buckwheat, which was sold to one of our milling companies. Mr. Hickey owns and operates the Lanark cheese factory, now recognized as one of the largest institutions in southern Portage county, the factory's output last month being 20,000 pounds of cheese.

Starting from practically nothing a couple of years ago it has grown at a rapid rate, making it necessary to enlarge the building by adding a storage or curing room. The new part is 20x44 feet, two stories high, the lower half being of stone and concrete construction and the upper part of frame work. The rear portion of the first story will be used as a curing room while the front space, 27x30 feet, is being fitted up as a grocery store. Mr. Hickey has ordered his stock and expects to be able to supply customers by the latter part of next week.

GOES TO KENTUCKY

Joseph H. Miller, for the past several years a valued employee in the Whitney-Plover Paper Co. office, boarded last night's train for Camp Taylor, Louisville, Kentucky, to take the officers' training school course for military service. Carl Anschuetz of this city is also taking this course at Camp Taylor.

EXPECTS EARLY CALL

Ferdinand Krembs, oldest son of Mr. and Mrs. F. A. Krembs, who recently passed an examination for the marine corps, received advice that transportation to Paris Island, South Carolina, would be sent him this week, together with instructions as to the day he must report at this training school. Ferdinand expects to leave here by the first of next week. He is a graduate of the high school and has also taken work at the Normal.

NEW CREAMERY HERE

The old Sellers' hotel property at the corner of Clark and First streets is being rebuilt, and it is expected that about December 1st it will be already for occupancy by a new industry which will begin operations in Stevens Point.

W. E. Kingsbury is the owner of the property which was wrecked by fire a few years ago, and it has been a matter of much speculation as to what the site might possibly be used for. It is believed now that the ideal industry for the location has been found. Mr. Kingsbury has given a lease to the Dairy Products company of Sheboygan and work has already been begun by seven or eight workmen under the supervision of Ed. Moyer to put the structure in shape to be used as a creamery.

The Dairy Products company has a strong backing and now operates branches at Clintonville, Antigo and several other places. Butter will be made at the local plant and will be sold at wholesale and retail. When retailed it will be at prices to protect the dealers. Cream and milk will be purchased along the Soo main line, the Portage branch and the Green Bay & Western roads, as well as around in the country, and it is expected that the capacity of the plant will be large enough so that all available milk and cream can be utilized.

WEST EAU PLEINE

Wm. Koch spent Thursday at Stevens Point.
